

The following notes / flags apply to all cable assemblies on this drawing :

1. All assembly work to be performed according to the A-10 assembly manual unless otherwise noted
2. XXXXX on label = PIC Wire & Cable serial number
3. Include appropriate test documentation with each shipment
4. Labels located 3 inches from back end of connector per PIC Work Instructions A-10 unless otherwise noted

The following notes / flags apply to cables as noted on subsequent pages :

5. All labels are white TMS type labels. Labels to be covered with clear heat shrink.
6. XXX in P/N is equal to length of Assy in inches. To order cable assembly specify 11012-3677-XXX.
Example: 11012-3677-180 = 180" USB cable Assy.
Note: 192" is max length allowed
7. Cut length of cable is equal to assembly length specified.
Example: Cut length of 180" cable assembly is 180".
8. Length tolerance for USB cable assemblies is ± 2.0 "
